3500 x 120	11'6" x 5"

Imperial Sizes are nominal sizes to be used as a guide.

Our standards

- We make our poles close to home, in Kirkenær, Norway.
- Our products only contain high-quality, slow grown Nordic Scots pine.
- Slow grown pine wood is denser, resulting in stronger products with a longer service life.
- Our poles undergo seven quality assurance checks before being delivered to customers.
